— says N.J. FLEMING — YUBIWAZA MASTER

*(YUBIWAZA IS THE SECRET. AMAZINGLY EASY ART OF SELF-DEFENSE THAT TURNS JUST ONE FINGER OR YOUR HANDS INTO A POTENT WEAPON OF DEFENSE—WITHOUT ANY BODILY CONTACT...)

In just 2 hours after you receive "YUBIWAZA" you will be on your way to being an invincible Yubiwaza Master, at home, this Fast, EASY picture way or it costs you nothing.

WHAT YUBIWAZA CAN DO FOR YOU IN JUST A FEW SECONDS:
11:03 P.M.—You return from dance. Headlump shows insulting remarks to your date.
11:04 P.M.—They attack you with fists and bottles. You counterattack with YUBIWAZA.
11:06 P.M. PLUS 7 SEC.—ONDS—You are untouched—while every headlump is on the run.

The VITAL Decision is YOURS to make! Which shall it be? To play it "chicken" by running away? Or be a "hothead" and be beaten up? Mail coupon now and be prepared with Yubiwaza to send your attackers flying!

I'M A 3rd-DEGREE HOLDER OF THE BLACK BELT—SYMBOL OF HIGH PROFICIENCY IN THE JAPANESE SYSTEM OF SELF-DEFENSE THAT USES NO WEAPONS BUT BARE HANDS. I spent many years in Japan learning these little-known SECRETS. The most amazingly effective of all Self-Defense techniques that stood out in ALL my Japanese Training is contained in my AMAZING new Yubiwaza book—all yours to have if you ACT NOW. YUBIWAZA is the name of a fantastic system of Self-Defense that makes use of an EASY-to-Learn knowledge of vital body areas and the techniques of the use of just ONE Finger or the entire hand to counteract & overcome ANY violent attack. It is commonly known that with the aid of Yubiwaza, young men—and girls, too—with only a few hours of training, turn back 2, 3 and even 4 attackers—temporarily DEABLING ONE, putting another to flight making a third howl with pain, while the fourth begged his opponent to stop!

NOW YOU TOO CAN LEARN YUBIWAZA!

The experts in Japan, who know and teach these ONE-finger techniques, have now explained that YUBIWAZA is a centuries-old system of Self-Defense which is so simple and so effective that outsiders were never instructed in its use. The system was restricted to Japanese who SWORE to apply these methods only in time of danger and attack by an aggressor. Many of the very techniques in my Yubiwaza book, once highly guarded secrets of the ancient Samurai warriors never shown to outsiders are now shown to you—FIRST TIME!

EASY—And I am now ready to show you, too, through clear, easy-to-understand photos, every secret. I guarantee to make you a YUBIWAZA specialist in hours—or every cent you paid will be refunded. You don't have to attend my school where I train beginners like you and turn them into experts. Now I can show you how to practice YUBIWAZA in the privacy of your own home with only a few minutes of practice a day. I'll show you how to defend yourself against headlumps, bullies, "wise guys" and juvenile delinquents who respect neither lives nor property. When you apply YUBIWAZA method, you can cut an aggressor down with JUST ONE FINGER! You can disarm an opponent rushing you with his fists, a broken bottle, a revolver or any kind of bludgeon. You can turn an aggressor's attack into your advantage with only one finger or your bare hands. He must leave you "hot" the action goes. YUBIWAZA keeps you "on top." You can apply simple pressure of your finger against any one of a dozen or more vital nerve centers of your opponent and watch his gun or knife fall from his limp hand while he himself slinks to the ground completely helpless and fazed. If the neighborhood bully pushes you, you

"I WEIGH ONLY 98 LBS.—YET I CAN PARALYZE A 200 POUND ATTACKER WITH JUST A FINGER—BECAUSE I KNOW YUBIWAZA!"

says Yoshie Imanami—
Pretty Japanese wife of N.J. Fleming—Yubiwaza Master

can make him say "uncle" quickly—with the help of YUBIWAZA!

MASTER EVERY SITUATION!

Makes no mistake! The world is crowded with anti-social scoundrels who think nothing of attacking a knife into the ribs... or attacking peace-loving citizens just for the fun of it... or molesting boys and girls shamelessly. There is a crying need for a system of self-defense that relies on KNOWLEDGE, not big muscles or strength... that depends on TECHNIQUE—not on weight or size of body... that is based on simple TRAINING—not on illegal possession of weapons. When you know YUBIWAZA you can disarm and disable your opponent in seconds. You can repel a mugger who grabs you from behind—no matter how big he is or how much he weighs. Instantly you know WHERE to attack, and WHERE to learn the body's major vulnerable regions, the defense or on-guard position to take, and your body's personal weapons which you can apply to maximum advantage. I have jam-packed all I know about YUBIWAZA into my Guide, which I have previously illustrated and clearly explained. I take you step by step through the fundamentals of this amazing system so that you understand clearly and immediately how these effective principles work. You learn these tricks used by marines, police and G-men... how to flee any bully... how to touch vital spots that will make any attacker helpless. No matter whether you are big or small, strong or weak, you can overpower practically any opponent with lightning speed!

BECOME A NEW MAN!

Knowledge of YUBIWAZA will turn you into a NEW MAN even if you never actually have to use it! For you will become SELF-ASSURED through your ability to handle yourself. You will walk with a deter-

mined and confident air secure with the knowledge that NOTHING can frighten you... that you can deal with ANY man, ANY weapon, ANY situation—and that you can do all this with NO bodily contact! And you will win respect and admiration from everyone.

Thousands of men of all ages have won confidence and respect by learning YUBIWAZA. YOU can do the same! You owe it to your own peace of mind... to your friends and loved ones—to be able to defend yourself in those days when attack may come at any time and place from headlumps, criminals and delinquents. So mail Coupon NOW for my COMPLETE instruction in YUBIWAZA. If you and your friends don't say that YUBIWAZA has made a NEW MAN out of you, every cent will be refunded!

THE WARRIOR BROTHERS

There is a long historic background to this story of fighting. It seems sensible to condense it so here are the facts. Our hero is Po-i, a recluse who is reputed to be a contemporary of Wu Wang, the founder of the Chou dynasty. Po-i is said to have been the eldest son of the ruler of a small state. For purposes of simplification these rulers of small states are often known as Dukes. Such a Duke might be independent or owe allegiance to the ruler of a much larger state. Now Po-i had a younger brother by the name of Shu-ch'i. This younger brother was the father's favorite son.

According to custom in Ancient China, the oldest son of a ruler was the one who succeeded to the title and the lands. This was also the rule in Europe and we call it Primogeniture. Which simply means the oldest son gets everything. The Duke wanted the younger son to inherit. Which means that the older son would have to step out of the picture. And then the father died. Po-i honored and respected his father. Therefore he decided to become a recluse.

He went to the mountains of Chan-Mao. And in a cave he lived by himself and meditated upon the many problems of life. He left behind a sort of testament in which he stated that he wanted his father's desires to be carried out. Shu-chi was to rule the land. But the younger brother liked and respected his older brother. He felt that he could not usurp his place. So what did he do? He too went to the mountains of Chan-Mao and joined his brother. Now there were two recluses in one cave.

Government of the Dukedom was left in the hands of a very virtuous prime minister by the name of K'u-huang. Now virtue was something very important and worth while spending time about in meditation. The two brothers heard that the Chou ruler, Wen, was a virtuous man. So they left their cave and

started on a trip for his capital. While en route they were informed that he had died. And that his son, King Wu, wasn't such a virtuous fellow. In fact, he was attacking the Shang King. And it seemed that the Shang King was the big overlord of all of them.

They reached the capital and had an audience with King Wu. Told him that his conduct wasn't up to par. He listened and then told them to go back to their cave and meditate. Because he had decided to be the big boss himself. In fact he was going to even take over their dukedom. Both brothers returned to their cave with a heavy heart. Meanwhile an army of King Wu moves into the dukedom. There is a fierce and short struggle. The prime minister, K'u-huang manages to escape with his life. And with a few faithful soldiers and followers he heads for the mountains of Chan-Mao.

Now you have to meet Pai-Jou. He was nothing more than a bandit chief with about two hundred more or less followers. But they were all well armed. He doesn't want to get caught by the army of the invading king. And he meets K'u-huang. With the result that they all go to the cave of the two brothers and tell him the news. What is to be done?

"You must gather an army and fight for that which is just," says the prime minister.

And right then and there, Pai-Jou gets an idea and it does turn the course of history in China.

"I have not been a virtuous man," he tells the two brothers. "Now I wish to redeem myself. My men and I will fight for you. We know how wonderful you two are. Why not become the joint rulers of your dukedom? We shall recapture it for you. By being joint rulers you still carry out the wise of your late beloved father and also conform to the custom of the land.

So a sort of government in exile is set up in those mountains. From nearby villages

men are gathered and trained. But they need weapons. Bows and arrows are made. All metal is collected, melted down and turned into swords. The ex-bandit chief now becomes General Pai-Jou. And the younger brother is very efficient in organizing the growing army and getting supplies for it. But the older brother is no fool.

"We are heavily outnumbered. To fight such a large army as that which King Wu has would be foolish," he tells his prime minister.

"Correct," is the reply. "If a meal is too much to be digested, you nibble a little at a time. So you attack a smaller force first and digest it."

And while watching his men at archery practice, Po-li gets an idea. You can say he was a military strategist. The standard procedure was for all the bowmen to shoot their arrows at the same time. He divided his archers into four groups. First group fired; then the second; then the third; then the fourth; then repeat. Which meant a steady flow of arrows at the advancing enemy.

Ever play with darts? You take one in your arm, aim for the dart board, and then throw it. Now a dart can be a deadly weapon. We have compressed air pistols and rifles that shoot darts. In fact, in World War I they even tried to drop darts from an airplane and hit the soldiers below. If you look carefully at the dart it sort of reminds you of a short arrow. You can make a small bow to shoot, arrows but you have two difficulties. First you won't get a long range. And second you don't have heavy penetrating power. If the records are to be considered trustworthy, Po-li invents the first dart "gun" in history.

Po-li had an excellent idea in terms of strategy. He wanted to let news "leak" back to King Wu about an army being assembled to go and fight for the dukedom and also for the already deposed king. This would have a figured out reaction: King Wu would send an army to beat this assembled army. It would have to travel through a dense forest. You could trap an army there. But how to kill them? If you used the sword-it was man against man. If you used the bow and arrow, you needed space-without trees in the way-to shoot those arrows.

Po-li had men lie on the ground and try to shoot arrows from their bows. He cut down the size of the bow-and the size of the arrow. And then it seems he got his brilliant idea. He made a small bow, worked out a stock, a catchaffair and a trigger. Or in other words he now had a dart gun! Using this he found the men could work very efficiently at close quarters. And so he set the trap.

Certain "spies" told King Wu about the

army being assembled by the two brothers. And the King sent out a force that had to go through the forests of Chien-mi. Those darts did the trick. Not a man lived out of the entire force. Then Pai-Jou made a very sensible suggestion.

"We bury all the dead in the forest. We have their weapons and armor. Now let King Wu worry about what happened to this army of his that he sent to destroy you."

Maybe you would call this a touch of psychological warfare. If so, it shows you how old the technique really is. King Wu waited impatiently for news of victory. When it didn't come-he sent out messengers. They could find no trace of the army. It had vanished as though into thin air. The lives of these messengers were deliberately spared so that they could return to their King. Several old men were paid well to go and tell the same story:

Namely that they had seen dragons in the sky come down and take up all the soldiers. And that certainly helped to spread fear among the soldiers in the army of King Wu. They "vanished" though in modern language you would call it desertion. Then the king gathered all of his forces and decided to go after the two brothers. But not by the route through the forest. He went through the plains and the city.

Give the credit to Po-li. Call it a "run around the end" or an attack through the rear, or marching south when the enemy marches north and then cut behind them.

And Po-li capitalized on the fear he had spread about those dragons. If you have ever seen "dragons" at a Chinese festival, you will realize how clever this brother was. He had a lot of these built and soldiers went inside. Out came smoke and flames. And in a night attack there was disaster for the army of King Wu. The King himself was killed and the two brothers were completely victorious. They restored the rightful king to his territory and throne. He in turn, to show his gratitude, gave them the territories of the late King Wu. And permitted them to call themselves kings.

What military lessons can be learned from this war that took place so many centuries ago? I submit it is this: That a smaller army can lick a much larger army-provided it has the strategy, the weapons, and need techniques. In the Guerilla Warfare that is taking place right now in southeast Asia, this is just what the enemy is trying to do. As for the two brothers, they ruled jointly and wisely. One married and his son took the throne upon the death of his father and uncle.

NEW DISCOVERY IN HYPNOTISM

shows how to hypnotize
in 30 seconds!

Yes, an amazing new method has been developed to bring on quick, easy induction of the hypnotic trance. Now, for the first time, you too can benefit from this recent discovery in hypnotic induction.

QUICK RESULTS

Want to hypnotize your friends? Your club members? **HOW TO HYPNOTIZE** is a remarkable primer that shows you just how to master the latest improved induction methods. The author, a widely experienced hypnotist and consultant, gives you the exact positions to take, the precise phraseology, all the steps necessary to hypnotize even the most difficult subjects.

EXCLUSIVELY

in How to HYPNOTIZE

ENTIRELY NEW METHOD

Until recently the process of hypnotic induction was largely based on trial and error methods which succeeded mainly with subjects who were highly susceptible to hypnosis in the first place. The truth is that these highly susceptible subjects make up a very small percentage of the population. That is why amateurs and beginning hypnotists have so often been disappointed in their attempts at trance induction. Now, however, recent scientific research has developed **ENTIRELY NEW METHODS** that are not only sure fire in their results but quick and easy to achieve! For the first time, these new methods are presented in **HOW TO HYPNOTIZE** in language that you can easily and successfully follow on the very first reading!

Photographically Illustrated

40 photographic illustrations show how you can achieve trance induction in as little as 30 seconds!
